

**Amendment to Specifications:**

On page 4, lines 15-23, please replace the paragraph with the following amended paragraph:

Shown in the accompanying Figs. 1-15 is a sanitizing hairdresser implement holder, generally denoted by reference number 10, comprising a holster 20 with pockets 30, 31, 33, 34, 35, 36, 38, 40, and 80 formed thereon designed to hold one or more tools or implements used by a hairdresser, such as a combs 90, scissors 92, razor 94, and a clipper 96 88. There are three embodiments of the holster shown and described herein denoted as 20, 20', and 20'', respectively. The first embodiment, shown in Figs. 1-3, is a the largest embodiment that includes two or more comb pockets 31, 33, 35 each designed to hold one comb 90, two or more scissor pockets 30, 34, 36, 38, 40 each designed to hold one scissors 92, and one razor pocket 80 or one clipper holder 86 each designed to hold one razor 82 (~~or 84~~) or a clipper 88.

On page 5, lines 1-7, please replace the paragraph with the following amended paragraph:

Figs. 5 and 6 show a second embodiment of the invention, which uses a holster, denoted 20', that includes one large, upper comb pocket 31 designed to hold several vertically aligned combs 90, two scissor pockets 30, 34 each designed to hold one vertically aligned scissor 92, and one razor or clipper pocket 80 designed to hold a razor or clipper 82 88. Fig. 14 shows a third embodiment of the invention, denoted holster 20'', which is has the same pockets configuration as holder 20' but with one main panel that folds and sewn along three edges to create one large comb pocket 31.

On page 5, lines 17 – 21, please replace the paragraph with the following amended

1 paragraph:

2 Aligned and registered over the front surface is a scissors pocket panel 20C. The  
3 upper edge of the ~~seizzors~~ scissors pocket panel 20B is located approximately one or two  
4 inches below the comb pocket openings 31, 33, 35 thereby forming an outward, partially  
5 stacked pocket configuration. The inside surface of the ~~seizzors~~ scissors pockets 30, 34, 36,  
6 38 and 40 is the outer surface of the comb panel 20b and the outer surface of main panel 20A.

7 On page 6, lines 18-23, please amend the paragraph as follows:

8 In a third embodiment, as shown in Fig. 13, the holster 20' may include a removable  
9 rear panel 90 attached to the rear surface of the main panel 20A. Hook and loop connectors  
10 92, 93, ~~101, 102~~ respectively, are located at the corners of the rear surface of the main panel  
11 20A around the rear opening 21 to selectively attach the rear panel 90 to the main panel 20A.

12 During use, the rear panel 90 is selectively removed to clean out hair clippings 100 that may  
13 have fallen into the comb pocket 30.
